Russell:

I would like to thank you for your help with addressing our severe telephone problems.

As you know, the recent weather storm damaged our antiquated Avaya telephone system. We turned to you and within an hour you had us making and receiving calls. This allowed us the time to properly evaluate our telephone needs, which resulted in making the correct decision for our business.

The quality of work you provide is top notch. You and your staff are second to none. I know I made the right choice with Breninger Communications.

We are now enjoying the great benefits of the Samsung OfficeServ telephone network.

Thank you again and I look forward to working with you in the future.
