Potential Client:

If you are considering hiring Russell Breninger, of Breninger Communications, it would be a wise business decision. Breninger Communications was hired by me to install a telephone system when I recently relocated my business. I found Mr. Breninger to be extremely informative and very well organized. He had a thorough knowledge of various products he was promoting and was able to translate that knowledge into terms the average person could understand. He worked well with my office staff and has followed-up on any and all of our requests. He completed the installation within the scheduled time frame to allow for a smooth transition on the day of our move. When we encountered problems with our local phone carrier, Russell took charge of the situation and communicated our needs to the carrier.

I recommend Russell Breninger of Breninger Communications without hesitation. Should you require further information, please do not hesitate to contact me at my office number above.

Sincerely Yours,

JoAnne Byrnes, Esq. \_\_\_\_\_
