Mr. Russell Breninger  
Breninger Communication  
76 Saxxney circle  
Flemington, NJ 08822

Dear Mr. Breninger:

Please accept this letter as our company's thanks for the outstanding and most professional job you performed when we moved our offices.

We want to summarize here the reasons for which you deserve our recommendation and hope that this letter will help your company develop its business.

We initially contacted Breninger Communication to transfer our phone system to our new offices. We thought this task to be simple. It was for Russell Breninger! But it was not easy for us to finally find someone who would consider working on our uncommon phone system.

We were further pleased to discover that Russell had the expertise to support our company in determining how to connect our computers in a network. Beyond the actual wiring he did perform, Russell has been a perfect and patient partner in the designing of our network. It seems that no question can remain unanswered for Russell.

Both those jobs were performed with the utmost care and efficiency, to the smallest detail.

We further want to emphasize how we appreciated Russell's cooperation in meeting our time frame which involved working during the thanksgiving weekend and in promptly answering our question and request for set up modification well his actual work was completed.

We certainly recommend Breninger Communication if you need the same type of services we requested. In addition to a beautiful, professional and fast job, you will get to work with a lively and trustworthy individual.

Russell, thank you again. Feel free to have any of your prospect contact us if this can support your business.

Sincerely,

*AMERICAN STELMI CORPORATION*
