Russell Breninger  
President  
Breninger Communications  
16 Terry Drive  
Morristown, NJ 07960

Dear Russell,

Thank you for all your help in facilitating a successful move and expansion of our telephone equipment to our new facility. The installation of the entire telephone and data network was completed on time.

While we were confident in our choice to work with Breninger Communications, the unsolicited positive feedback from our computer vendor on the quality of workmanship further confirmed our decision.

Your attention to the details of the overall scope of the move ensured that no aspects were overlooked and no potential problems went unresolved. The project was professionally handled from start to finish with no disruption to our day-to-day operation.

Thank you for exceeding our expectations and for making this project easily manageable and executable.

Sincerely,

Roseann Wadle  
Telecommunications Manager
