To Whom It May Concern:

Breninger Communications installed a complete telephone system in our facility approximately three years ago.

From the system investigative stage on through to the support I needed recently, Breninger has exceeded my expectations. Not only is their work **first rate**, they were extremely competitive when it came to their pricing.

Also, it is refreshing to find a company whose prompt service does not end when they receive your check.

I would strongly recommend Breninger Communication for your phone system needs, as well as any other services they provide.

If you have any further questions regarding this endorsement, please feel free to contact me.

Sincerely,

Tim Stoessler
